Crime and Justice data found on the Statistics Canada (DLI) Web Server

-Follow link found on the Libraries databases A-Z list, under the letter S, or the link below

The DLI Web Data Server is table viewer providing access to a variety of Statistics Canada aggregate data that can be manipulated, subset and saved into a variety of formats. Many of the files are in Beyond 20/20 format. In this case, the Beyond 20/20 software resides on the server, so the user only requires a web browser on their workstation. Other files are in Excel format, PDF and asci information files. This data is restricted to current faculty, students and staff of the University of Manitoba to use for non-commercial purposes.
