MHKNET (pronounced “my net”), is Manitoba’s Health Information and Knowledge Network and is a service provided by the University of Manitoba’s Health Sciences Libraries to:

- staff of Manitoba Health, Seniors & Active Living,
- staff of participating Regional Health Authorities, and
- fee-for-service physicians in Manitoba.

MHKNET provides quality information for patient care, evidence-based practice, and continuing education.

**Literature Searches:**

Do you want to know more about these or other topics? Health sciences librarians will do a professional literature search for you on any topic or question you have. We will send you a list of references by email, mail, or fax. Select the citations that are of interest to you and we will send you the full text documents.

**Current Awareness:**

Our librarians can set up current awareness alerts on specific topics, authors, and/or journals of interest to you. You will receive an email every week that cites any new articles that have been published on your topic.

**Document Delivery**

Do you want one of the resources listed? Contact us to request the item, we will mail, email, or fax it to you.

**Don’t Forget…UpToDate!**

MHIKNET library card holders have access to UpToDate! UpToDate is an electronic Clinical Decision Support tool used by clinicians and non-clinicians in the delivery of healthcare. It includes more than 10,500 topics covering general internal medicine and more than 20 specialities; a select drug database and drug interaction tool (in partnership with Lexicomp®); more than 1,500 patient education topics; more than 28,000 graphics; links to more than 400,000 references; and a number of medical calculators.
