What is the WRHA Virtual Library?

The WRHA Virtual Library provides library service to WRHA staff, WRHA contracted physicians, and staff at Type 1 Community Health Agencies and Personal Care Homes.

We strive to ensure you have timely access to resources, high quality research and technical support, and valuable educational opportunities.

Founded in 2018, the WRHA Virtual Library exists entirely online, ensuring all patrons have equal access to resources.

Online Resources

The Virtual Library subscribes to a host of electronic databases to provide you with instant access to top quality health information. You can search through these resources from our main page, or you can access our databases directly here:

libguides.lib.umanitoba.ca/wrha/collection

Literature Searches

Our librarians will conduct a literature search for you on any topic you request, and will provide a list of relevant articles for you to review. To request a search, send us an email or fill out our literature search request form:

libguides.lib.umanitoba.ca/wrha/litsearch

Webinars & Videos

The Virtual Library offers monthly webinars on finding and assessing the information you need. See our current offerings, watch past webinars, or check out our video tutorials here:

libguides.lib.umanitoba.ca/wrha/training

Education Sessions

We also offer customized education sessions or promotional displays upon request. We’re happy to arrange an online or in-person session to meet your needs. Email us to set something up:

WRHA.VirtualLibrary@umanitoba.ca

Current Awareness

Check out our current perspectives bibliographies, or let us help you set up an alert to keep abreast of your subject area:

libguides.lib.umanitoba.ca/wrha/current

I Need a Source You Don’t Have!

If the WRHA Virtual Library doesn’t have direct access to the source you need, you can request it via document delivery, and we will send it directly to your email or office.
